Student's Name(s)	Teacher(s)	Room Number

Dear Parents/Guardians,

During this time of COVID 19, we are asking students to go home after school prior to coming to the VYC. The reason is to help with the releasing of the students the end of the day and abiding by social distancing best practices and risk management.

We understand that this dismissal model does not fit every family situation.

We are proposing a VYC staff pick up to help in these circumstances. For your student(s) to be picked up by our staff, you will need to fill out the spaces above and sign to give consent.

Thank you
